PRESS RELEASE

SUNGEN sets up a new subsidiary in Europe

SUNGEN International Ltd, a photovoltaic module manufacturer of versatile thin film and crystalline technologies, is pleased to announce the formation of a new subsidiary SUNGEN Europe GmbH in Hamburg, Germany in August 2009. SUNGEN Europe GmbH is a wholly-owned subsidiary of SUNGEN International Ltd.

Strategically located in Germany, in the heart of the continent, SUNGEN Europe GmbH aims to increase its portfolio of photovoltaic solar system technology in the region and expand its business network with local industry representatives.

The new regional office's primary function is to perform sales activities, installation service, technical support and after-sales service and to serve as a logistics centre in the European solar energy market. Together with its sales offices and agents throughout Europe including France, Spain, Italy and Romania, the company is delivering state-of-the-art technology and the highest quality photovoltaic modules to the region.

SUNGEN Europe GmbH provides 5-year product warranty and 25-year performance warranty for its products. The Hamburg office will handle the warranty program for the region to provide module replacement service.
